

PEDRO WENG

SENIOR CYBERSECURITY ENGINEER | SIEM & SOC | INFORMATION SECURITY & RISK

Maputo, Mozambique | (+258) 823002555 / 849550202 | pmweng@gmail.com | linkedin.com/in/pweng

PROFESSIONAL SUMMARY

Results-driven Cybersecurity Engineer and Senior IT Leader with over 10 years of experience in the telecommunications sector. Combines hands-on security operations with Information Security Auditing, risk governance and technical leadership. Experienced in leading enterprise SIEM deployments, including AlienVault USM (AT&T; Cybersecurity), and operating Elastic Security, Microsoft Sentinel and Wazuh environments. Strong technical background in Cisco Firepower perimeter security, Check Point Harmony EDR/XDR, Linux security hardening, digital forensics and incident response. Demonstrated impact through security improvement initiatives, including a reported 25% reduction in security incidents and 30% reduction in potential breach exposure.

SELECTED SECURITY IMPACT

25%	Reduction in overall security incidents through continuous vulnerability assessments, auditing practices and penetration testing.	30%	Decrease in potential data breaches and security exposure across national telecommunications nodes.
-----	---	-----	---

CORE COMPETENCIES & TECHNICAL SKILLS

Cybersecurity & Perimeter: Cisco Firepower Firewall Administration; VPNs; IDS/IPS Management; Perimeter Defense

SIEM & Security Operations: AlienVault USM (AT&T; Cybersecurity); Elastic Security; Microsoft Sentinel; Wazuh; Threat Hunting

Endpoint Defense: Check Point Harmony Endpoint; EDR/XDR Agent Deployment; Endpoint Hardening; Malware Defense

Incident Response & DFIR: Advanced Triage; Containment; Mitigation; Digital Forensics; Root Cause Analysis

Information Security & Risk: Financial & Systems Auditing; Regulatory Compliance; Security Policy Formulation; Executive Risk Reporting

Senior IT & Linux Security: Technical Team Mentorship; Linux Security Hardening; Incident Playbooks; Process Automation

PROFESSIONAL EXPERIENCE

Tmcel (Moçambique Telecom) — Cybersecurity Engineer / Senior IT Lead

Maputo, Mozambique | 01/2018 – Present

- SIEM Project Leadership:** Led the end-to-end implementation, configuration and strategic deployment of AlienVault USM (AT&T; Cybersecurity) to centralize security logging, enable threat detection, manage vulnerabilities and support regulatory compliance across critical national telecommunications infrastructure.
- Information Security Auditing & Risk Assessment:** Conducted internal security audits, continuous vulnerability assessments and penetration testing, contributing to a 25% reduction in security incidents and a 30% reduction in overall breach exposure.
- SIEM Architecture & Telco Security Stack:** Directed multi-platform SIEM operations integrating AlienVault, Elastic Security, Microsoft Sentinel and Wazuh for real-time security monitoring and proactive threat hunting.
- Perimeter & Endpoint Defense:** Administered Cisco Firepower firewalls, perimeter IDS/IPS policies and Check Point Harmony EDR/XDR solutions protecting core network nodes and corporate endpoints.
- Incident Response & Digital Forensics:** Managed complex incident response operations including advanced triage, digital forensics, attack reconstruction and workflow automation to minimize operational downtime.
- Security Strategy & Governance:** Formulated corporate security policies, incident response playbooks and company-wide security awareness programs focused on phishing and social-engineering defense.
- Stakeholder & Intelligence Engagement:** Maintained relationships with regulatory bodies and law-enforcement agencies for threat-intelligence exchange and alignment on emerging cyber risks.

EDUCATION

Licentiate Degree in Account & Information Systems Auditing

ISCAM (Instituto Superior de Contabilidade e Auditoria de Moçambique) | 2013 – 2018

Bachelor's Degree in IT Support Engineering

ITC (Instituto de Transportes e Comunicações) | 2000 – 2003

CERTIFICATIONS & PROFESSIONAL TRAINING

- Cybersecurity Best Practices & Linux Security — IBSEC
- CompTIA Security+ — Netcampus

- Professional Cloud Security Engineer — Google
- Security Analyst Fundamentals — IBM
- Cybersecurity IT Fundamentals — IBM
- IT Security: Defense Against Dark Arts — Google
- Sophos Certified Engineer — Sophos
- Cybersecurity Essentials — Cisco
