

# PEDRO WENG

## SENIOR CYBERSECURITY ENGINEER | SIEM & SOC | SENIOR IT SYSTEMS ADMINISTRATOR

Location: Maputo, Mozambique | Phone: (+258) 823002555 / 849550202 | Email: pmweng@gmail.com | LinkedIn: linkedin.com/in/pweng

### PROFESSIONAL SUMMARY

Results-driven Senior Cybersecurity Engineer, IT Leader, and Senior IT Systems Administrator with over 10 years of experience managing core IT systems and safeguarding critical national telecommunications infrastructure. Proven expertise in end-to-end SIEM architecture (AlienVault USM, Splunk SIEM, Wazuh), server infrastructure administration (Linux/Windows), network operational health, perimeter defense (Cisco Firepower), and endpoint protection (Check Point Harmony EDR/XDR). Combining strong technical mastery in IT systems administration, digital forensics, and incident response (DFIR) with qualifications in Information Security Auditing, successfully reduced overall security incidents by 25% and exposure to potential breaches by 30%.

### KEY COMPETENCIES & TECHNICAL SKILLS

- **Senior Linux/Unix & Windows Server Systems Administration:** Active Directory, System Hardening, Network Infrastructure Operations, Server Virtualization.
- **SIEM & SOC Operations:** AlienVault USM (AT&T Cybersecurity), Splunk SIEM, Wazuh, Threat Hunting, Log Aggregation & Analysis.
- **Perimeter Security:** Cisco Firepower Next-Generation Firewalls (NGFW), IDS/IPS Management, Site-to-Site & Remote Access VPNs, Network Segmentation.
- **Endpoint Defense & EDR:** Check Point Harmony Endpoint, Kaspersky Endpoint Security, EDR/XDR Deployment, Endpoint Hardening, Anti-Malware Defense.
- **Incident Response & DFIR:** Digital Forensics & Incident Response (DFIR), Advanced Triage, Root Cause Analysis (RCA), System Containment Playbooks.
- **Auditing, Governance & Risk:** Information Security & Systems Auditing, Vulnerability Assessment & Penetration Testing (VAPT), Regulatory Compliance.

### PROFESSIONAL EXPERIENCE

#### Cybersecurity Engineer / Senior IT Systems Administrator

*Tmcel (Moçambique Telecom)*

- **Senior Systems & Infrastructure Administration:** Administers and maintains critical Linux and Windows server infrastructure, core enterprise systems, and telecom network nodes, ensuring maximum uptime, system reliability, and high-availability operations.
- **Enterprise SIEM Architecture & Implementation:** Designed and deployed AlienVault USM (AT&T Cybersecurity) across national infrastructure, establishing centralized server log management, automated threat detection, and real-time event correlation.
- **Security Auditing & Exposure Mitigation:** Directed internal information security audits, continuous vulnerability assessments (VAPT), and penetration testing, leading initiatives that achieved a 25% reduction in security incidents and a 30% decrease in breach exposure.
- **Multi-Platform SOC & SIEM Leadership:** Managed multi-vendor security operations integrating Splunk SIEM and Wazuh for continuous system monitoring, threat hunting, and proactive incident triage.
- **Perimeter & Endpoint Security Management:** Managed Cisco Firepower NGFWs, perimeter IDS/IPS policies, and Check Point Harmony EDR/XDR agents across core telecom infrastructure and enterprise endpoints.
- **Incident Response & Digital Forensics (DFIR):** Led digital forensic investigations, system containment, memory analysis, and root cause investigation to minimize operational downtime during critical security or system outages.
- **Security Governance, Automation & Awareness:** Formulated corporate security policies, system usage guidelines, and automated incident playbooks. Conducted organization-wide security awareness training focusing on anti-phishing defense.

## EDUCATION

---

- **Bachelor's Degree in Accounting and Auditing**  
ISCAM | 2013-2018
- **Associate Degree / Technical Diploma in IT Support Engineering**  
ITC | 2000-2003

## LANGUAGES

---

- **Portuguese:** Native / Mother Tongue
- **English:** Proficient / Professional Level

## CERTIFICATIONS & TRAINING

---

- Cybersecurity Defense Analyst Pathway - Cisco
- Cybersecurity Best Practices & Linux Security - IBSEC
- CompTIA Security+ - Netcampus
- Professional Cloud Security Engineer - Google
- Security Analyst Fundamentals - IBM
- Cybersecurity IT Fundamentals - IBM
- IT Security: Defense Against the Dark Arts - Google
- Sophos Certified Engineer - Sophos
- Cybersecurity Essentials - Cisco
